BUYING HAWAII EXCLUSIVE CANADIAN SERIES

In Buying Hawaii realtors are charged with finding their clients the home of their dreams - with just one catch. Their clients are looking for access to the great outdoors. These properties may not have running water or electricity, but they do let the owners hunt, fish or snorkel from the comfort of their backyard.

PROJECTS ORIGINAL NEW SERIES

Projects follows brothers Kevin and Andrew Buckles as they escape to their cottage sanctuary to engage in quirky DIY cottage building projects. Each week the bros create inspiring variations on traditional cottage elements, from water-ski jumps to floating hot tubs!
